

BLIC HEALTH ASSOCIATIO
nce. For action or heal

APHA members have long been champions of collaboration and commitment to public health. By continuing to promote a culture of respect, responsibility, fairness and honesty, we aim to maintain an environment and member experience that engenders trust, confidence and performance excellence. We believe we have greater potential for impact when we create a diverse community committed to exploring different perspectives, sharing ideas and collectively solving problems. As a result, APHA has adopted, and is committed to implementing, the following code of conduct. Members are responsible for holding themselves and one another to these standards.
